**Apologies**

**Field Update**

Geoffery's fort – one section is ready for transport. Jono Kirkby to sort transport and installation at the field.  
Some small jobs to do, skinning open buildings with plywood.

**Feedback on iPad shop**

Tried first time at last game, easy to use, doesn't interrupt registrations. Andrew to do tutorial on usage.

**Club Gun Rental**

Tickets add another layer of admin. Best to put booking table on the website as we had before and have players pay cash on the day.  
Guns need to be signed out and back in on game days. Guns need to be checked (batteries out, magazines in side pouch) as they are returned.

**Night Game Update**

New date Fri 23 - Sat 24 April (Sunday is ANZAC day)  
6PM-2AM allowing overnight stays.  
Ticket prices set the same as club day rates.

**OPAF 2**

Special committee is being formed for the event and details being hashed out.  
A date has been confirmed for 2022 that we will release to TAR soon.

**Faction Wars 4.0**

Some difficulties with Auckland going back into level 3 COVID lockdown a week before the event which meant we had to process refunds and resell players' tickets.  
The event itself went well despite the weather. PAC are planning to come back to TAR's field for Faction Wars 5 but will be later in the year.

**AGM**

Committee will start preparing for the AGM in April and set a date for the club which will be announced later.
